- A *ans. none*
- B *Bilateral Freeze*
- C *Partial Bilateral Freeze (QF: Congress)*
- D *Unilateral Halt / Reduction*

<i>Reason</i>	<i>monitors</i>	<i>me</i>
(A)	B	B
(C)	C	C
B	(A)	(D)
D	D	A

Hyp: unless you understand why D is preferred to A, you will not see B/ as urgent + justify referring to A — enough to determine one's vote, one's lobbying, CD, etc.

(or, if Pres, enough to override (CD alone — unexplained — committee, sense of abstractness to B, C, D))

PRELIMINARY DRAFT OF THE 1985 STRATEGY PAPER

urgency, but not the reasons for it. It may energize those who understand reasons for urgency but haven't yet acted on them; but...

(i.e. CD now probably will not evoke mass response: in light of election '84. It is if people had just voted in a racist in '62.)

(To vote for R while "disagreeing" with him on X, Y, Z is to say, "Changes in X, Y, Z policies can wait till the next Pres, or later. It is more important to have R now — for reasons A, B, C — than to avert his actions on X, Y, Z."

We didn't tell people — here coming thru — that a Freeze couldn't wait till 1989. Can it?

PLEASE REVIEW AND RESPOND BY THURSDAY, NOVEMBER 1, 1984

Hyp: ship 85: testing of warheads (+MX?) (deployment of SSCOs) (testing of ASAT) (testing of MX? Kill MX? Kill further MX?) (deployment of PE? gone up) (prod. of D-5; SDI research?) (nuclear gas) Nicaragua!

If Nicaragua: CD, Island in connection, FU/OS/extended Det, xxxx, QF...
